Wherever you need a smooth finish that is easy to clean, low maintenance and abuse resistant, TRUSSCORE PVC Sanitary Wall and Ceiling Panel has your project covered.

Key Advantages Include:
- Industry leading 1/2 inch thick panel combined with unique inner webs gives Trusscore outstanding strength not found in thinner panels.
- Inner truss design for rigidity and high strength
- Cost effective vs other wall systems like painted drywall.
- Can be used for new construction or retrofit
- Meets CFIA (Canada) and FDA & USDA (US) requirements for walls and ceilings
- Comes in standard and custom lengths
- Hidden fasteners
- Made from 100% virgin PVC, Trusscore is highly resistant to chemicals and unaffected by moisture.
- Ideal replacement for conventional wall systems
- Supports attic insulation loads
- Pre-punched nailing flange
- Bright clean appearance

Specifications
TRUSSCORE PVC Liner Panel is available in a width of 16” and 10’, 12’, 16’ and 20’ lengths.
Custom lengths are available.

Trusscore’s unique tongue-and-groove interlocking system makes installation quick and easy.

Ratings
- Flame Spread Classification of 5 as per CAN/ULC-S102.2-10/ASTM E84
- Meets CFIA(Canada) and FDA & USDA (US) approval requirements for walls and ceilings

Trusscore’s unique truss design and heavy wall thickness provides industry leading spanning properties and high strength.

Trusscore PVC Wall and Ceiling Panel comes in standard 10, 12, 16 and 20 foot lengths. Custom lengths are available.
